Monroe, Tyler, Davis and Stuart Are Buried Here.

BRIEF HISTORY OF EVENTS

Military Companies That Took Part and Distinguished Men Present.

The military funeral of General Fitzhugh Lee makes it of interest to review have taken place in Richmond during the last century. In the order of their occurrence, they were those of President Monroe, President Tyler, General Stonewall Jackson, General J. E. B. Stuart and President Davis, of the Confederate States. So it is that until the death of General Fitzhugh Lee there have been but five military funerals in this city, three of them Presidents and two of distinguished generals of the Confederacy.

President Monroe died in New York on July 4, 1831, and was buried there.

on July 4, 1831, and was buried there. Not until 1858 was it determined to remove his body to his native State and bury it in Hollywood.

A committee journeyed to New York to attend the funeral services there upon the disinterment of the body, which was placed on board the steamer "Jamestown" for transportation to Richmond. Accompanying the "Jamestown" was the "Ericsson." in which the Séventh New York Regiment, the crack military organiza-

panying the "Jamestown" was the "Ericsson." In which the Seventh New York
Regiment, the crack military organization of New York city, sailed to Richmond to do honor to the occasion.

The "Jamestown" reached the Rocketts
wharf at Richmend about 8 o'clock on
Monday morning, July 5th, 1258, where
an immense throng of people had assembled to witness the arrival. The
"Ericscon" ran aground below Richmond, and the "Glen Cove" took over
the Seventh Regiment of New York and
brought them on to Richmond. It is
said that when the "Glen Cove" toek over

brought them on to Richmond. It is
said that when the "Glen Cove" toek
up to the wharf, so soldierly was the
appearance of the Seventh Regiment men
that the crowd, despite the funeral occasion, broke into wild cheers. Governor
Wise, having reproved them, they lapsed
again into decorum.

Many spesches were made before the
body was removed from the ship. Governor Wise, of Virginia, and Mayor Mayo,
of Richmond, both made addresses, as
did Colonel Duryee, of New York, and
many others. The casket was then delivered by a detachment of the Seventh
Regiment, which had acted as guard of
honor, to a platoon of the Richmond
Grays.

INCORPORATE ROAD IN ANOTHER STATE

Take Steps to Offset Action of Governor McDonald. (Special to The Times-Dispatch.)

(Special to The Times-Dispatch.)

NEW YORK, May 2.—It is said that the Colorado and Southern interests are contempiating the incorporation of their railroad companies in a State other than Colorado. This step will be taken in consequence of the failure of Governor McDonald to sign a bill which would have enabled the road to connect with lines included in its projects for extension. Owing to the action of Governor McDonald a temporary halt has been made in the plan to issue \$17.09,000 in bonds to take over the Fort Worth and Denver City Railway, and to pay for extending the road to Galveston, a distance of about 150 miles. Obstacles have been placed in the way of making a connection with the Colorado Springs and Cripple Creek Italiuwy, control of which was acquired by the same interests several months ago. The Hawley-Yoakum interests, however, seem confident that they will yet be enabled to carry out their plans. To this end, among other measures, they will incorporate the road in another State.
